## Oregon Tilth, Inc. Records, 1975-2018 (?p=digitallibrary/digitalcontent&id=6092)

[Add to Shelf](#)**PREDOMINANT DATES:** 1988-2008

The Oregon Tilth, Inc. Records chronicle the establishment and emergence of Oregon Tilth, Inc. from Tilth, which originally was established in 1974 in Washington State. Oregon Tilth, Inc. is an organic agriculture certification and education organization based in Corvallis, Oregon. The materials reflect the growth of sustainable agriculture in the Northwest and later, globally. It includes materials generated and collected by the organization. The collection includes Oregon Tilth board materials, newsletters, audio recordings, video recordings, manuals, photographs, the organization's websites, and educational materials.

Some born-digital materials described in this series, including audiocassettes, require migration to a digital format and therefore are not immediately available for patron use. Please see SCARC's Accessing Audio-Visual Content (<https://guides.library.oregonstate.edu/guidetoscarc/using#s-lg-box-29948880>) for more information. Streaming videos (<https://media.oregonstate.edu/tag/tagid/mssortilth>) and the Oregon Tilth and *In Good Tilth* websites

(<http://wayback.archive-it.org/9969/20180216152342/https://tilth.org/>) are available online.

## ✚ CREATORS

**ID:** MSS OrTilth

**EXTENT:** 17.0 cubic feet

## ✚ MORE EXTENT INFORMATION

## ✚ SCOPE AND CONTENT NOTES

## ✚ BIOGRAPHICAL / HISTORICAL NOTES

**STATEMENT ON ACCESS:** Materials are open for research.

**STATEMENT ON DESCRIPTION:** Technical accessioning of 84 digital media objects received with the records resulted in 8.54 Gbytes (616 files) of born-digital materials. These were reviewed and appraised for long-term historical value; derivative video files in .mp4 format were created. This review and processing resulted in 0.17 Gbytes (202 files) of born-digital materials that are available to researchers on the Electronic Records Use Copies shared drive and 13.9 Gbytes (8 video files) delivered through MediaSpace. All of the materials are described as part of the Oregon Tilth Records in Series 4, 9, and 15.

## ✚ ARRANGEMENT

**PREFERRED CITATION:** Oregon Tilth, Inc. Records (MSS OrTilth) Oregon State University Special Collections and Archives Research Center, Corvallis, Oregon.

**ACQUISITION NOTE:** *Source:* Oregon Tilth, Inc..

Materials were donated by Oregon Tilth, Inc. in 2017

**ACQUIRED:** 05/31/2017.

## CONTAINER LIST

### Series 1: Board Records and Related Documents, 1985-2017 Add to Shelf

Series 1 consists of meeting minutes, largely from the Board of Directors, and Committee meetings. Related documents, attachments to the agenda, or introduced documents, such as reports to the Director are included in this series. Former Board members include Munk Bergin, Ellen O' Shea, J.J. Haapala, Will Newman II, Lynn Coody, Yvonne Frost, and Harry MacCormack. The arrangement of this series reflects the original order of the materials.

Box-Folder 1.1: Board Minutes, 1987 Add to Shelf

Box-Folder 1.2: Board Minutes, 1988 Add to Shelf

Box-Folder 1.3: Board Minutes, 1989 Add to Shelf

Box-Folder 3.10: Retailer Working Group, 2002 [Add to Shelf](#)

Box-Folder 3.11: Copyright Application Oregon Tilth, 2004 [Add to Shelf](#)

Box-Folder 3.12: Foreign office update, 2007 [Add to Shelf](#)

#### **Series 3: Newsletters, 1975-2017** [Add to Shelf](#)

Series 3 consists of newsletters produced by Oregon Tilth, the parent organization of Tilth, and the Willamette Valley, Seattle, and Portland chapters. *Oregon Tilth* was not published between 1984-1987 during the reorganization of the organization. The newsletters were the main vehicle of outreach for the various Tilth organizations. They not only give in-depth details of the history of Oregon Tilth, they also cover topics such as women farmers, the true cost of sustainability, and food safety. A frequent contributor to the newsletters is former Executive Director, Harry MacCormack.

#### **Series 4: Research and Education Department, 1998-2013** [Add to Shelf](#)

Series 4 consists of documents from Oregon Tilth's Research and Education Department. Items featured include various projects from the department such as the conception of the Organic Education Center (OEC), the Organic Land Care program, and the Organic Vineyard and Winery Workshop. The purpose of the Research and Education Department was to furnish seminars, workshops, tours, classes, as well as educate on sustainable and ecological land management practices.

Box-Folder 5.20: Organic Fertilizers and Organic Fundamentals for Soil Management, undated [Add to Shelf](#)

Digital Folder 1: Public Seed Initiative (PSI) Cornell variety trials in Oregon, 2003-2004 [Add to Shelf](#)

These born-digital files document variety trials and workshops held as part of the Public Seed Initiative (PSI) Cornell variety trials in Oregon. The Public Seed Initiative was a collaborative effort of Oregon Tilth's Famer Cooperative Genome Project (FCGP), the Cornell University Vegetable Breeders Institute, the Plant Genetic Resources Unit (PGRU) in Geneva, and the Northeast Organic Farmer's Association (NOFA) of New York. PSI was a 3-year project funded through the USDA Initiative for Future Agricultural and Food Systems (IFAFS) program. File formats include \*.ppt; \*.doc; \*.xls, and \*.jpg. The files include 118 digital photographs depicting study and workshop participants in the field; plants; and the fruits and vegetables that were part of the study; 137 files; 138 Mbytes.

#### Series 5: Publications, 1976-2010 [Add to Shelf](#)

Series 5 consists of publications produced either solely by Oregon Tilth or in partnership with institutions such as the Oregon State University Extension Service and Washington State University. Materials include but are not limited to Oregon Organic Farm Statistics and several versions of the Oregon Tilth Transition Document that outlines the procedures to be followed during the transition from non-organic to organic farming. The Transition Document is a significant contribution to the organic farming community as it outlines what needs to be done to transition in clear, concise, terms. Other publications, such as Analytical Testing: A Conundrum tackles the controversial issue of residue testing in organic certification. The arrangement of this series reflects the original order of the materials.

Box-Folder 5.21: Jaybird Information, 1976 [Add to Shelf](#)

Newsletter from Republic, Washington.

Box-Folder 5.22: Transition Document, 1988 [Add to Shelf](#)

Box-Folder 5.29: Oregon Tilth Certified Organic Organization and Certification Proposal, 2009 [Add to Shelf](#)

Box-Folder 5.30: The Transition Document, 2009 [Add to Shelf](#)

Box-Folder 5.31: UTNE Reader, 2010 [Add to Shelf](#)

An article from *In Good Tilth* is featured in the Reader.

Box-Folder 5.32: Tilth and Oregon Tilth Brochures [Add to Shelf](#)

#### Series 6: Manuals, Standards and Procedures, 1986-2006 [Add to Shelf](#)

Series 6 consists of items, some of which were intended for internal use, such as the Oregon Tilth Board and Committee Handbook or the Policy and Procedures Manual. Others such as the Oregon Department of Agriculture's Food Processors Handbook were used for reference or as display materials at various Oregon Tilth events. Some items, such as the Brand Name Materials List would later be used to aid other organizations, whether they chose to adopt the information into their organizational procedures, or use them as reference materials.

#### Series 7: Reports, 1995-2008 [Add to Shelf](#)

Series 7 consists of reports produced by Oregon Tilth. It includes annual reports that detail the yearly activities of Oregon Tilth. The reports also feature topics such as mobilization of minerals and other aspects of organic farming.

Box-Folder 7.1: Plant Mobilization of Trace Organochlorine Residues, 1995 [Add to Shelf](#)

Box-Folder 7.2: Oregon Tilth Certified Organic Controlled Document, 2001-2006 [Add to Shelf](#)

Box-Folder 7.3: Oregon Tilth Annual Report, 2007 [Add to Shelf](#)

Box-Folder 7.4: Oregon Tilth Annual Report, 2008 [Add to Shelf](#)

#### Series 8: Conference Materials, 1995-2014 [Add to Shelf](#)

Series 8 consists primarily of sound recordings of conferences that were sponsored through either Tilth or Oregon Tilth, and other conferences attended by Oregon Tilth staff and board members. The series also includes promotional guides and informational brochures. The audio cassettes are largely from an organization known as the Ecological Farming Association (also known as Eco-Farm) located in California. This organization historically has supported and promoted ecological farming.

Digital Folder 1: Oregon NRCS Conservation Planning Short Course, 2008 [Add to Shelf](#)

These born-digital files include the agenda, class presentations, handouts, and list of participants for the Oregon NRCS Conservation Planning Course offered in Corvallis, Oregon, in 2008. This short course was presented by the Natural Resources Conservation Service (USDA). File formats include \*.ppt; \*.pdf; and \*.xsl; 59 files; 24.3 Mbytes.

Digital Folder 2: Organic Training, 2009 [Add to Shelf](#)

These born-digital records consist of two PowerPoint files (1.29 Mbytes total). One is a presentation, "Organic Cross-Training: An Intro to NRCS and Organic Certification". NRCS is the USDA Natural Resources Conservation Service. The second file is a "Jeopardy"-like board game used in training.

Digital Folder 3: Cow Acupuncture, 2008 [Add to Shelf](#)

This folder consists of one PowerPoint file (9.8 Mbytes) of the presentation, "*Acupuncture in the Cow*", by Tina M. Johnson DVM.

#### **Series 10: Directories, 1986-2008** [Add to Shelf](#)

Series 10 consists of directories, which are books listing individuals or organizations alphabetically with details such as names, addresses, telephone numbers, and later electronic means of communication. These directories specifically list trusted contacts who provided certified organic food. People and organizations contained here are organic growers, processors, apiaries, handlers, and restaurants.

Box-Folder 7.42: Oregon Tilth Certified Organic Directories, 1986-2002 [Add to Shelf](#)

Directories are available for these years: 1986; 1988-1989; 1996-2000; 2002.

Box-Folder 7.43: Oregon Tilth Certified Organic Directories, 2003-2004 [Add to Shelf](#)

Box-Folder 7.44: Oregon Tilth Certified Organic Directories, 2005-2006 [Add to Shelf](#)

Box-Folder 7.45: Oregon Tilth Certified Organic Directories, 2007-2008 [Add to Shelf](#)

**Series 11: Newspaper Clippings, 1994-2005** [Add to Shelf](#)

Series 11 consists of newspaper article clippings highlighting organic agriculture, recognizing work by Oregon Tilth, or identifying concerns stemming from mainstream food production.

Box-Folder 14.2: Organic farming benefits, 1994 [Add to Shelf](#)

Box-Folder 22.2: Clippings, 1999 [Add to Shelf](#)

High insecticide levels; USDA improvement of organic label rules; Oregon Tilth restaurant certification.

Box-Folder 22.3: Clippings, 2000 [Add to Shelf](#)

Choosing organic; organic dairy.

Box-Folder 22.4: Clippings, 2001-2002 [Add to Shelf](#)

Debate over health benefits of organic foods over mainstream foods; Differences between organic and mainstream

Box-Folder 22.5: Clippings, 2004-2005 [Add to Shelf](#)

Organic beef; organic food in lunchrooms; Oregon Tilth sees uptake in requests for organic certification; natural food sales soar.

Box-Folder 22.6: Clippings, undated [Add to Shelf](#)

Pesticide concerns; seeking certification

**Series 12: Certificates, 1999-2005** [Add to Shelf](#)

Series 12 consists of certificates and awards including Outstanding Contributor and Supporter for Luscher Farm, a supervisor renewal, and an Oregon Tilth Certificate of Registration.

Box-Folder 7.46: Outstanding Contributor and Supporter, 1999 [Add to Shelf](#)

Box-Folder 7.47: Supervisors' Renewal, 2003 [Add to Shelf](#)

Box-Folder 7.48: Oregon Tilth Certificate of Registration, 2005 [Add to Shelf](#)

**Series 13: Photographs, 1987-2004** [Add to Shelf](#)

Series 13 consists of photographs and film negatives of Oregon Tilth staff and members. Subjects include organic farms, gardens and nurseries, co-ops, farmers markets, farm inspections, events sponsored by Oregon Tilth, and organically grown herbs and vegetables. Many of the photographs in this series were used in the organizations' newsletters, such as *In Good Tilth*. The photographs are arranged as they were found in the photograph envelopes. Frequent contributors to Oregon Tilth such as Alan Kapuler and Margaret Clark are featured as well as some of the Oregon Tilth staff such as Lynn Coody, Yvonne Frost, and Harry MacCormack.

#### Series 14: Posters, 1989 [Add to Shelf](#)

Series 14 consists of posters advertising events or educational opportunities.

Box-Folder-Item 22.1.1: Organically Grown in Oregon, 1989 [Add to Shelf](#)

Box-Folder-Item 22.1.2: Master of Organics Course Book Cover, undated [Add to Shelf](#)

#### Series 15: Video Recordings, 1985-2009 [Add to Shelf](#)

Series 15 consists of a combination of sources from both Oregon Tilth, Inc. and other production companies that provide unique perspectives on a number of topics. Subjects vary from destructive pests, sustainability, eco-wines, and organic livestock. An item of interest in this series includes insightful lectures on the need for scientific study on the subject of man-made chemicals being added to food presented by a former Oregon State University professor, Dr. Jean Peters, and Dr. Joan Gussow, a former professor of Columbia Teaching College and food policy expert.

In Sub-Series 1: Oregon Tilth Productions tape 2 of the Tilth Documentary is missing. The Tilth Documentary tapes include footage that may have been used for the production of the Sustainable Potato Farming videos.

All of the born-digital videos and a selection of other videos in this series are available as streaming video (<https://media.oregonstate.edu/tag/tagid/mssortilth>).

#### Sub-Series 1: Oregon Tilth Productions, 1985-1999 [Add to Shelf](#)

Sub-Series 1 contains material produced by and concerning Oregon Tilth, Inc. The materials here largely reflect projects from Oregon Tilth. The Oregon Tilth Documentary reveals footage from several farms that had relationships with the organic certifier. The proposed aim of these videos and recordings is to bring awareness of sustainable agriculture, as well as the mechanisms required to achieve organic food production.

Box-Item 9.1: *Sustainable Potato Farming: The Farmers' Side of the Story*, VHS Tape, 1993 [Add to Shelf](#)

March 27-28, 1999; Salem, Oregon; no. 8: Seed Processing and Storage Panel and Demonstration (Bergin, Jones, Ostreander) no. 5: Saturday Breakout Session: Guidelines and Principles for Characterization and Regeneration

Box-Item 10.1: Tilth Documentary, Tape 1, U-Matic tape, 18 minutes, 1992 [Add to Shelf](#)

Steve Walser's Farm; September 4, 1992. This video begins with establishing shots of Walser's fields and later a group hand harvesting squash. In the latter part of the film, Walser and a small group begin harvesting potatoes with the help of a tractor, harvester, and truck. Available online ([https://media.oregonstate.edu/media/t/0\\_bkf0ntpn](https://media.oregonstate.edu/media/t/0_bkf0ntpn)).

Box-Item 10.2: Tilth Documentary, Tape 3, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Steve Walser's Farm; September 4, 1992. This video starts with additional footage of potato harvesting and switches to two young boys harvesting Japanese squash. Walser later identifies that these are his children and they are the number one reason as to why he farms organically. Walser goes on to explain the methods he uses in order to farm organically and believes that weed and pest management is possible without chemical intervention. Available online ([https://media.oregonstate.edu/media/t/0\\_io9u6190](https://media.oregonstate.edu/media/t/0_io9u6190)).

Box-Item 10.3: Tilth Documentary, Tape 4, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Steve Walser's Farm, newspaper clips, and brochures; September 4, 1992. The last of the Walser Farm videos picks up the conversation about pest management. Walser uses the example of wireworm and the method he used to combat the infestation. Later, Walser discusses where he sees the future of organic farming heading and points out that while it can be difficult, it is still worthwhile. Walser explains that his farm does their own packing as well as sales, and their warehouse is featured. The video ends with images of articles on a pesticide aldicarb and highlights the *Transition Document* from Oregon Tilth. Available online ([https://media.oregonstate.edu/media/t/0\\_oyapxag7](https://media.oregonstate.edu/media/t/0_oyapxag7)).

Box-Item 10.4: Tilth Documentary, Tape 5, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Drazel; October 3, 1992. The first of the Drazel Farm videos focuses strictly on potato harvesting. Drazel is seen seated on a tractor connected to a harvester. Virtually no dialog is present in this video. Available online ([https://media.oregonstate.edu/media/t/0\\_slknfn95](https://media.oregonstate.edu/media/t/0_slknfn95)).

Box-Item 10.5: Tilth Documentary, Tape 6, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Drazel; October 3, 1992. The second feature from the Drazel Farm videos begins with some farm equipment maintenance. Later the process in which the yield of potatoes is transferred to a storage area is shown, largely featuring potatoes on an upwards conveyor belt. Available online ([https://media.oregonstate.edu/media/t/0\\_cisk4nor](https://media.oregonstate.edu/media/t/0_cisk4nor)).

Box-Item 10.6: Tilth Documentary, Tape 7, U-Matic tape, 7 minutes, 1992 [Add to Shelf](#)

In this third video, Drazel is interviewed and begins with how he transitioned from conventional to organic farming. Initially, Drazel resisted but was persuaded by his son to switch. The transition began in 1985 and took two years. Once this had occurred, Drazel focused on the biological aspect of trying to return to the natural state, even taking care to use their own seeds each year, with the exception of the Russet potato. Available online ([https://media.oregonstate.edu/media/t/0\\_w1ok56oj](https://media.oregonstate.edu/media/t/0_w1ok56oj)).

Box-Item 10.7: Tilth Documentary, Tape 8, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Drazel's interview continues with how he approaches weed management. Other topics discussed in this video include herbicides, how the Drazel Farm stores, packs, and later sells its produce, and what Drazel believes will happen with the organic market. He believes that the future of organic food is bright. Available online ([https://media.oregonstate.edu/media/t/0\\_4nww3b2l](https://media.oregonstate.edu/media/t/0_4nww3b2l)).

Box-Item 10.8: Tilth Documentary, Tape 9, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Drazel; October, 1992. The final video from the Drazel Farm focuses largely on the equipment used at the farm with a brief discussion of how and why a metal cultivator is what he prefers to use. Drazel also comments on why he grows some varieties of specialty potatoes. Available online ([https://media.oregonstate.edu/media/t/0\\_g8hwpte3](https://media.oregonstate.edu/media/t/0_g8hwpte3)).

Box-Item 10.9: Tilth Documentary, Tape 10, U-Matic tape, 19 minutes, 1992 [Add to Shelf](#)

Nature's in Beaverton, Oregon, a natural food market that provides organic produce offers the organic marketer's perspective. The organic market has grown drastically and the potential for further expansion lies in organic processed foods. Another discussed topic is transitional farming. Available online ([https://media.oregonstate.edu/media/t/0\\_chuya4fr](https://media.oregonstate.edu/media/t/0_chuya4fr)).

Box-Item 10.10: Tilth Documentary, Tape 11, U-Matic tape, 18 minutes, 1992 [Add to Shelf](#)

Some establishment shots of Nature's natural food market start the video. Eventually, a speaker identified as Mary, talks about her work with a destructive disease known as potato early-dying (PED). The ideal treatment is biological control for a three-year period. However, as this is not a timely solution, some turn to fumigation to help eradicate the disease. Available online ([https://media.oregonstate.edu/media/t/0\\_tpbp2u7h](https://media.oregonstate.edu/media/t/0_tpbp2u7h)).

Box-Item 10.11: Tilth Documentary, Tape 12, U-Matic tape, 21 minutes, 1992 [Add to Shelf](#)

This video has two speakers, the first begins with discussing a problematic pest for potatoes, the root-knot nematode. The speakers shares that cover crops such as rapeseed or sudangrass can greatly aid in suppression. The second speaker focuses on two types of beetle larvae, the first is the cabbage flea beetle and the second being the cucumber seed beetle. This speaker talks about how parasitic nematodes are being used to deal with the above mentioned pests. Available online ([https://media.oregonstate.edu/media/t/0\\_xi2gezqq](https://media.oregonstate.edu/media/t/0_xi2gezqq)).

Box-Item 10.12: Tilth Documentary, Tape 13, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Brewer A; Mrs. Brewer speaks about her diversified vegetable farm and the various methods they employ to raise their organic crops. Some methods of pest suppression include cover crops such as buckwheat and peas, or spraying predatory nematodes for combatting flea beetle larvae in potato plants. Brewer also raises the issue of potato scab, which can occur when an area is over fertilized with manure. Brewer states that they use the most composted batch of manure they have on hand over raw manure. Available online ([https://media.oregonstate.edu/media/t/0\\_ervq3660](https://media.oregonstate.edu/media/t/0_ervq3660)).

Box-Item 10.13: Tilth Documentary, Tape 14, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Brewer B. The second video from the Brewer Farm provides a view of the farm and some of the tools used. Largely, the land and irrigation system are featured here. Brewer also demonstrates a soil insect control product from BioSafe. Available online ([https://media.oregonstate.edu/media/t/0\\_fc12q2c3](https://media.oregonstate.edu/media/t/0_fc12q2c3)).

Box-Item 10.14: Tilth Documentary, Tape 15, U-Matic tape, 21 minutes, 1992 [Add to Shelf](#)

This video begins with Mrs. Brewer working in the greenhouse with seedling traps and other greenhouse plants. Part way through the video, a different farm is featured, with footage of cattle and a male farmer setting up what appears to be a wire fence. Available online ([https://media.oregonstate.edu/media/t/0\\_tj4ypg0e](https://media.oregonstate.edu/media/t/0_tj4ypg0e)).

Box-Item 10.15: Tilth Documentary, Tape 16, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Fulmer D. In this video, Fulmer discusses a rotation process that involves dairy cows using the land as a pasture. According to Fulmer, using the land as a pasture for a portion of the time allows the soil to rest. Fulmer also speaks frankly about the process of transitioning from conventional to organic farming. He states that it takes time to do so and state regulations will also factor into this process. Available online ([https://media.oregonstate.edu/media/t/0\\_rq5ezmuj](https://media.oregonstate.edu/media/t/0_rq5ezmuj)).

Box-Item 10.16: Tilth Documentary, Tape 17, U-Matic tape, 3 minutes, 1992 [Add to Shelf](#)

Fulmer E. The shortest video of the Tilth Documentary begins with Fulmer explaining the main advantage of an organic farming system in terms of profit. According to Fulmer, decreasing your input will overall be best for the bottom line. The video ends with Fulmer tilling soil with a shovel. Available online ([https://media.oregonstate.edu/media/t/0\\_18k2wdyj](https://media.oregonstate.edu/media/t/0_18k2wdyj)).

Box-Item 10.17: Tilth Documentary, Tape 18, U-Matic tape, 21 minutes, 1992 [Add to Shelf](#)

No audio is present in this video that features what appears to be supplementary footage close-ups of a report, a newspaper article, and some farming equipment. Available online ([https://media.oregonstate.edu/media/t/0\\_n70popgm](https://media.oregonstate.edu/media/t/0_n70popgm)).

Box-Item 10.18: Tilth Documentary, Tape 19, U-Matic tape, 22 minutes, 1992 [Add to Shelf](#)

Additional supplementary footage that picks up from Tilth Documentary Tape 18. Close up shots of the cucumber beetle, Russet potatoes, and some organic food products such as Kettle Brand Chips are shown. No audio is present in this video. Available online ([https://media.oregonstate.edu/media/t/0\\_c240i08b](https://media.oregonstate.edu/media/t/0_c240i08b)).

Box-Item 10.19: Tilth Documentary, Tape 20, U-Matic tape, 4 minutes, 1992 [Add to Shelf](#)

The last video of the Tilth Documentary closes with supplementary footage of Cascadian Farm products such as corn, and a warehouse. Insects are largely showcased here, with special attention to ladybugs. No audio is present in this video. Available online ([https://media.oregonstate.edu/media/t/0\\_9tok5h17](https://media.oregonstate.edu/media/t/0_9tok5h17) ).

Box-Item 11.1: *From the Soil to Your Table*, Part 1. U-Matic tape, 50 minutes, 1985 [Add to Shelf](#)

Part 1 begins with Dr. Joan Peters, who at the time was an associate professor for the Food and Nutrition Department at Oregon State University. Her lecture calls for the need for definitive and ethical research in terms of food nutrition, especially when discussing organic food. Peters points out that while research had begun on organic food production, virtually none was being done on organic food nutrition. Peters was also concerned about the people's misconceptions concerning nutrients in foods, the pesticides being used to regulate pests, and carcinogens. Dr. Peters called for balanced research in order to help regulate food production but not over regulate. University of Oregon, EMU, March 6, 1985; Nutritional Quality and the US Food Supply with Jean Peters and Joan Gussow; Property of Willamette Valley Tilth. Parts 1 and 2 have been merged into a single video available online ([https://media.oregonstate.edu/media/t/0\\_gmopvuo9](https://media.oregonstate.edu/media/t/0_gmopvuo9)).

Box-Item 11.2: *From the Soil to Your Table*, Part 2. U-Matic tape, 57 minutes, 1985 [Add to Shelf](#)

Part 2 delves into Dr. Joan Gussow's lecture. Dr. Gussow is an environmentalist, food policy expert, and author. She at one time served as a chair for the Nutrition Department for the Columbia Teacher's College. Her lecture discusses the appropriate time to take action on chemicals being added to our food. Gussow feels strongly that waiting for enough research to prove that pesticides are harmful is foolish. Following Dr. Gussow's lecture, a question and answer portion ensues. University of Oregon, EMU, March 6, 1985; Nutritional Quality and the US Food Supply with Jean Peters and Joan Gussow; Property of Willamette Valley Tilth. Parts 1 and 2 have been merged into a single video available online ([https://media.oregonstate.edu/media/t/0\\_gmopvuo9](https://media.oregonstate.edu/media/t/0_gmopvuo9)).

## Sub-Series 2: Other Productions, 1990-2009 [Add to Shelf](#)

Sub-Series 2 is an assembly of VHS and DVD materials that were collected by Oregon Tilth. These productions focus on several subjects such as the Japanese beetle, organic livestock, and the makeup of the food we eat.

Box-Item 9.15: National Organic Harvest Month, undated [Add to Shelf](#)

Box-Item 9.16: Spray Drift Conference, VHS Tape 1, undated [Add to Shelf](#)

Box-Item 9.17: Spray Drift Conference, VHS Tape 2, undated [Add to Shelf](#)

Box-Item 9.18: Spray Drift Conference, VHS Tape 3, undated [Add to Shelf](#)

Box-Item 9.19: *The Japanese Beetle*, 1990 [Add to Shelf](#)

Michael Klein USDA, Wooster; February 14, 1990

Box-Item 9.20: *Inert Alert: Secret Pesticides*, circa 1991 [Add to Shelf](#)

Northwest Coalition for Alternatives to Pesticides (NCAP). A video documentary from the NCAP. Produced by Sharon Genasci, Rainbow Video and Film

Box-Item 9.21: *Market to Market*, circa 1994 [Add to Shelf](#)

Produced by Iowa Public Television

Box-Item 9.22: Oregon Ag Fest, 1997 [Add to Shelf](#)

Produced by Leahy Communications; October 28, 1997

Box-Item 9.23: *Beyond Organic: The Vision of Fairview Gardens*, 2000 [Add to Shelf](#)

Produced by John De Graaf

Box-Item 9.24: *Young Agrarians*, circa 2003 [Add to Shelf](#)

Produced by Glory B. Media

Box-Item 9.25: *Organic Livestock: Principles, Practices, and Prospects*, 2004 [Add to Shelf](#)

Produced by Washington State University Extension; October 29, 2004

Box-Item 9.26: Oregon Field Guide-Mt. Hood Glacier; Eco-wines, circa 2004 [Add to Shelf](#)

Produced by Oregon Public Broadcasting

Box-Item 9.27: Wayne Parks's Cornfield, undated [Add to Shelf](#)

Box-Item 9.28: The Rocky Story, undated [Add to Shelf](#)

Produced by Petaluma Poultry Processors

Box-Item 9.29: Westcom Productions, undated [Add to Shelf](#)

Box-Item 9.30: *Landmarks in Conservation*, circa 2005 [Add to Shelf](#)

Produced by Oregon State University Extension Service

Box-Item 9.31: *The GMO Trilogy*, 2004-2006 [Add to Shelf](#)

Includes: *Unnatural Selection*; *Hidden Dangers in Kids' Meals*; *You're Eating WHAT?* Produced by Yes! Books, DENKmal-Films, and Haifisch Films

Box-Item 9.32: *Paul Roberts: The End of Food*, 2009 [Add to Shelf](#)

Produced by pdxJustice Media Productions; February 27, 2009

Box-Item 9.33: *Vandana Shiva: The Future of Food and Seed*, 2009 [Add to Shelf](#)

Produced by pdxJustice Media Productions; February 28, 2009

Box-Item 9.34: *Partners*, undated [Add to Shelf](#)

Produced by USDA-SARE (Sustainable Agriculture Research and Education)

Box-Item 9.35: *Planning for Sustainability*, undated [Add to Shelf](#)

Produced by Western SARE (Sustainable Agriculture Research and Education)

Box-Item 9.36: *Ingredients*, undated [Add to Shelf](#)

Produced by Optic Nerve Productions; A documentary film trailer;

### Sub-Series 3: Born-Digital Videos, 2007-2009 [Add to Shelf](#)

Digital File 1: "What Are We Eating?" Salem City Club presentation, 2007 [Add to Shelf](#)

55 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_vpjlbiyl](https://media.oregonstate.edu/media/t/0_vpjlbiyl)).

Digital File 2: Promotion and Panel for Salem Progressive Film Series, "The Future of Food", 2007 [Add to Shelf](#)

Approximately 30 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_h1m5gkl0](https://media.oregonstate.edu/media/t/0_h1m5gkl0)).

Digital File 3: Harry MacCormack Interview regarding Bean and Grain Project, 2009 [Add to Shelf](#)

1 hr and 30 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_gex1nc85](https://media.oregonstate.edu/media/t/0_gex1nc85)).

Digital File 4: Organics and Conservation - Growing Trends for Sustainable Agriculture, 2009 [Add to Shelf](#)

Includes Lisa Sedlar, President of New Seasons Market; Fred Kirschenmann, Distinguished Fellow, Leopold Center for Sustainable Agriculture, Iowa State University; and Mace Vaughan, Pollinator Program Director, Xerces Society for Invertebrate Conservation. Funded by Western Sustainable Agriculture Research and Education Professional Development Grant Program. Approximately 15 minutes. Available as streaming video. ([https://media.oregonstate.edu/media/t/0\\_r1svfb4](https://media.oregonstate.edu/media/t/0_r1svfb4))

Digital File 5: Fred Kirschenmann Interview, 2009 [Add to Shelf](#)

Kirschenmann is Distinguished Fellow at the Leopold Center for Sustainable Agriculture, Iowa State University; approximately 8.5 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_13z1uxxn](https://media.oregonstate.edu/media/t/0_13z1uxxn)).

Digital File 6: Mace Vaughan Interview, 2009 [Add to Shelf](#)

Vaughan is the Pollinator Program Director, Xerces Society for Invertebrate Conservation; approximately 5 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_tbi5haam](https://media.oregonstate.edu/media/t/0_tbi5haam)).

Digital File 7: Lisa Sedlar Interview, 2009 [Add to Shelf](#)

Sedlar is President of New Seasons Market; approximately 6 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_msggcgt9](https://media.oregonstate.edu/media/t/0_msggcgt9)).

Digital File 8: USDA Organic Training, 2009 [Add to Shelf](#)

Featuring Jon Tester, U.S. Senator for Montana; approximately 3 minutes; available as streaming video ([https://media.oregonstate.edu/media/t/0\\_vjnavn25](https://media.oregonstate.edu/media/t/0_vjnavn25)).

Series 16: Oregon Tilth and *In Good Tilth* Websites, 2018 [Add to Shelf](#)

The Oregon Tilth and In Good Tilth websites were crawled in January and February 2018 using Archive-It. These websites document the full scope of Oregon Tilth activities, including certification, education, outreach, and policy development. The captured and preserved websites are available online (<http://wayback.archive-it.org/9969/20180216153259/https://www.tilth.org/>).
